## Not Your Ordinary Cruise

*Small Ship Cruising Done Perfectly*

### AMERICAN CRUISE LINES EAST COAST VOYAGES

For passengers who are well traveled, but ever curious, sophisticated but informal, social yet sometimes private, American Cruise Lines offers experiences to suit your style.

Nine distinct itineraries include visits to some of the most amazing destinations in the United States, including Maine, the New England Islands, the Historic South and Chesapeake Bay. Culturally enriching shore excursions are offered at each port of call to allow passengers to explore the region in depth. From the most cosmopolitan cities to remote islands nestled along the shore.

## Salmon fishing in Alaska!

## Travel News you can use!

### **The flights are booked, car rented, hotel reserved, and you leave tomorrow - time to pack! Here are some helpful suggestions.**

---

Packing is not a matter of simply throwing necessities into a bag. Just as important as *what* you pack is *how* you pack. With that in mind, here are some general packing tips:

- To avoid last-minute anxiety, make a thorough packing list before traveling.
- Avoid over-packing. Do not bring things just because they *might* come in handy.
- Pack mix-and-match clothes to help minimize baggage and yet enjoy variety.
- Take things that dry quickly, like synthetic fabrics and lightweight cotton.
- Iron before packing and then roll – don't fold – clothes.
- For bulky items like sweaters, stuff the rolled garment toward the foot of a pair of pantyhose – it makes a tight container that takes up less space. Leave dry-cleaned items in their plastic bags to help avoid wrinkles.
- Hang clothes immediately after check-in to prevent wrinkling. If clothes do wrinkle, hang them in the bathroom while taking a hot shower to steam them smooth.
- Consider bringing "disposable" clothing, such as older socks, underwear, T-shirts, and even old shoes. Before departing, donate them or throw them out to make room for souvenirs.
- Layering is a great way to make a wardrobe more versatile and accommodate changing weather.
- Place anything that could ruin clothes, such as liquid make-up, shampoo, and toothpaste, into a sealed plastic bag.
- Pack a small lint brush.
- Take along your eyeglass prescription in case you lose or break your glasses. Consider buying glasses that darken in the sun to eliminate the need for sunglasses.
- If you plan to take along items such as an electric razor or hair drier to a foreign country, check with your hotel to see if you'll need an adapter.
- Even the lightest traveler should bring a day bag. A small backpack can hold your umbrella, camera, book, souvenirs, and whatever else you want to carry while you go exploring.

*Don't forget...new security procedures require any liquid items in your carry on bags be stashed in a quart zip lock bag for easy scanning. Anything that doesn't follow these rules in your carry-on will be confiscated by airport security.*

*"Remember, without a Passport, travelers will not be able to travel outside of the United States."*
